CA Requiring 'Learning Continuity Plan'

The 'Learning Continuity Plan' is a new statewide mandate for all public schools to outline how they will continue to provide instructional, social/emotional, and technological support during COVID-19 and the 20-21 school year. We sent a survey home, and held a community forum via Zoom last week to present our plan. Our next steps are to present to our school board members on 8/18 at 1:15pm. If you missed the survey or the webinar, or would like information about the board meeting, you can email us at online@missionacademyhs.org.

Alumni Q & A

What was your best experience at Mission Academy?

"Receiving support from teachers and staff"

"The teachers are great. And they're always there to help."

WELCOME THE NEWEST ADDITIONS TO OUR MISSION ACADEMY FAMILY

Jenna Unis - New Principal !

Miss Jenna has been in education since 2007 and was previously AP at San Diego Mission Academy. As Principal, she now oversees San Diego Mission Academy, Mission Academy, and Paseo Grande Public Charter. She lives with her husband, 7 year old son and 4 year old daughter and enjoys walking her dog Luna, drinking coffee, reading, and working out to de-stress. Jenna's belief in personalizing learning, trauma-informed education, and focus on relationships first will no doubt lead Mission Academy into its best year yet! Welcome!

Gabrielle McCord - Education Specialist

My name is Gabrielle but I go by Gabby. I am married and have two children (and a dog). This is my 4th year of teaching and I am very excited to start this new venture! I am new to online learning but can't wait to further my skill set and be an asset to this team! Looking forward to "meeting" everyone!

WE COULD NOT BE HAPPIER TO HAVE ADDED OUR NEW PRINCIPAL AND ANOTHER AMAZING TEACHER TO OUR MISSION ACADEMY FAMILY!

Frequently Asked Question (FAQ): Why 'SLLs'?

Signing your SLL - that chart like log your Teacher send you every 4th Friday - is an acknowledgement that you are working on *assigned work* throughout the 20 days (M-F) of each month (the "LP"). When you and your teacher acknowledge your assignment of work, it is like you saying "Present!" in a classroom. Essentially, it is how we report attendance and receive funding to and from the state of California. Without assigned work or acknowledgement of your Apex assignment, you are "Absent".
